

ADVANCE QUESTIONS TO LIECHTENSTEIN—ADD 1

UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND

- In light of Liechtenstein's decision to create an independent body for the protection and promotion of human rights, we would welcome information on what steps will be taken to ensure it will be compliant with the Paris Principles and specifically that it will be independent from Government and will receive sufficient funding to carry out its mandate. We would also be interested to hear whether the new institution will have a mandate to monitor general human rights in Liechtenstein whilst collaborating with government and other domestic human rights mechanisms.
- We would be grateful for information on steps taken by Liechtenstein to implement the *United Nations Convention on the Rights of Persons with Disabilities* and the *European Convention on Preventing and Combating Violence against Women and Domestic Violence*.
