

## **ADVANCE QUESTIONS TO SAINT LUCIA ADD.1**

### **GERMANY**

- Germany commends Saint Lucia for enacting a Counter-Trafficking Act in 2010. In 2006, CEDAW was concerned about the persistence of violence against women and the extent of prostitution taking place in Saint Lucia. CEDAW recommended to address the link between tourism and prostitution. Germany would like to know which further measures the Government of Saint Lucia has undertaken to combat violence against women and sexual exploitation of women?

### **SLOVENIA**

- Please elaborate on the public education programs aimed at advancing and promoting the rights of the child.
- Which rights are recognized to the members of minorities and indigenous people and what measures has the Government taken in order to enable their participation in social and political affairs?
