

ADVANCE QUESTIONS TO SAINT KITTS AND NEVIS – ADD.3

SPAIN

- Is there any sentence to death pending execution in St Kitts and Nevis nowadays?
- In its national report, St Kitts and Nevis states that a single sex experimental program is being implemented in primary school education. Yet, most of the best performing countries in the Program for International Student Assessment (PISA) of the OECD have undifferentiated education systems. Is the government considering the extension of the program of single-sex education to other schools and educational levels?
- In view of the measures outlined in the national report on the fight against child abuse, does the government foresee the possibility of starting the internal procedures necessary to sign and ratify the Optional Protocols to the Convention on the Rights of the Child, ratified by St Kitts and Nevis in 1990?
