8. The recommendations listed in paragraphs 7.1-7.8 were noted as they have been submitted by the "State of Palestine". Israel considers that the use of the term "State of Palestine" in UN documents to be procedural in nature only and was adopted pursuant to a technical Palestinian request that its delegation be referred to by this name, following the adoption of General Assembly resolution 67/19. It does not and cannot indicate any recognition of statehood, and is without prejudice to the substantive question of the legal status of the Palestinian entity. Israel further considers that the Palestinian entity does not satisfy the criteria for statehood under international law, and, like many other States, does not recognize it as such.

9. All conclusions and/or recommendations contained in the present report reflect the position of the submitting State(s) and/or the State under review. They should not be construed as endorsed by the Working Group as a whole.
