

The pre-session of Norway

Proposed draft recommendations for consideration

04 April, 2019

Proposed draft recommendation

The State party reviews the Norwegian fisheries legislation and ensures that it fully recognizes the Sami fishing rights in saltwater based on immemorial usage and local customs.

Proposed draft recommendation

The State party takes swift steps to renegotiate the Tana Agreement with Finland with the aim at safeguarding the rights of the local population in the river basin, so that the Agreement is perceived as legitimate and fair by the traditional rights holders.
