

The GEF Small Grants Programme 2018

SGP is the Global Environment Facility corporate programme implemented by UNDP since 1992. The Kiribati SGP started in 2007 as a sub-regional programme but became a Country Programme in 2017.

The SGP grantmaking in Kiribati promotes community-based innovation, capacity development and empowerment through sustainable development projects of local village communities and civil society organisations, with special considerations for indigenous peoples, women and youth. The SGP Kiribati operates on providing and facilitating GEF funds directly to village communities, NGOs, CBOs and the private sector. The maximum SGP grant amount per project is US\$50,000 which is paid directly to grantee's bank accounts so they can manage and implement their own approved environmental project.

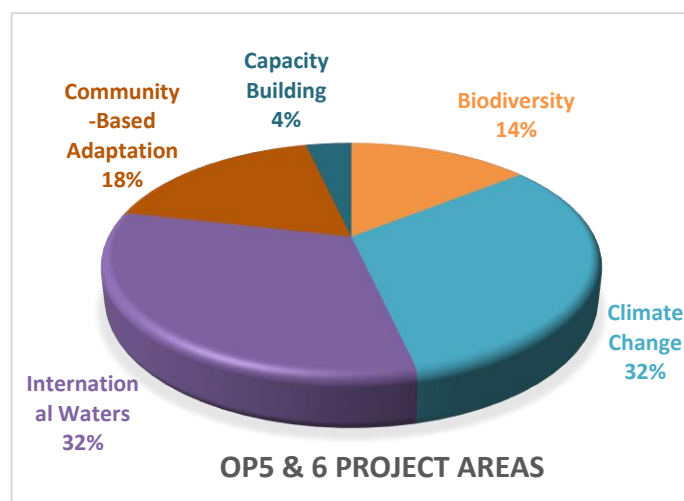

The following GEF OP5 and OP6 funds were awarded to SGP Kiribati for commitment in 2017 and 2018:

1. GEF OP5 CORE – US\$300,000.00
2. GEF OP5 STAR – US\$400,000.00 – Kiribati Government contribution
3. SIDS CBA – US\$200,000 – Australian Aid
4. GEF OP6 CORE – US\$400,000.00

Total funds available for grantmaking in 2017-2018 is US\$1,300,000.00.

By July 2018, OP5 CORE and OP5 STAR Funds and SIDS CBA funds were fully committed. Together with some OP6 funds, the total funds committed by July 2018 is US\$1,100,936.00.

OP6 Funds remaining is US\$199,064.00 and will be fully committed by October 2018.
